How to host a watch-party?

Notify colleagues with flyers and via social media
- Flyers provided by USAPECS
- Make sure to use **#PolarFilmFest** when tweeting about your watch-party and/or to tag **@US_APECS**

Reserve room and projector
- Test projector prior to watch party (when possible)

Ensure internet connection

Choose specific movie topic or movie selection
- Watch party hosts have the option to watch all movies in one night or watch daily by topic
- Links to all topics and movies can be found at:

https://usapecs.wixsite.com/usapecs/ppf2019

Pre-load your movie selection to ensure uninterrupted screening
- Links to all movies can be found at:

https://usapecs.wixsite.com/usapecs/ppf2019

If you wanna get real cozy, you could combine the watch-party with a potluck night! Get creative and come up with snacks that keep you warm while watching "cold" movies.

Let us know how you like the movies!
- We would love to engage with all watch-party guests through social media and read your thoughts and comments in the form of tweets
- We plan to pick a people's-favorite per category after the festival finishes, so make sure to let us know your watch-party's favorite!
